Projects

Easy

- Image Slider - Video
- Todo List - Video
- Currency Converter - Video
- Photoshop Clone - Video
- Calculator - Video
- Navbar - Video
- Hangman CLone - Video

Medium

- Custom Select Component - Video
- Pokemon App - Video
- CodePen CLone - Video
- Infinite Scrolling - Video
- Advanced Note Taking App - Video
- Multistep Form - Video
- Budget App - Video
- Google Docs Clone - Video
- Shopping Cart - Video
- Spotify Clone - Video

Hard

- Flashcard Quiz App - Video
- Facebook Messenger Clone - Video
- YouTube Home Page Clone - Video
- Reddit Clone - Video
- Messaging App - Video

Meta Framework (Optional) (Choose Any)

React

- Next.js (Recommended) - Course
- Tanstack Start (Newer alternative) - Video

Svelte

- SvelteKit (Recommended)

Angular

- Analog (Recommended)

Vue

- Nuxt.js (Recommended)

Next.js (Optional) - Course

Folder Based Routing

Metadata/SEO

Server vs Client Components - Video Article

2026 Backend Roadmap

By Web Dev Simplified https://courses.webdevsimplified.com

Learn each section and each item in each section in order. Each section also includes projects that you can complete in any order and require only the skills learned in that section and prior sections.

Backend Language (Choose Any)

JavaScript (Recommended if also learning frontend)

Python (Recommended if also learning AI)

PHP (Recommended if also learning WordPress)

C#

Rust (Difficult to learn)

Ruby (Easier to learn but not as popular)

Backend Framework (Choose Any)

JavaScript

- **Node.js with Express** (Recommended)
- **Bun** (Newer so less popular)
- **Deno** (Newer so less popular)

PHP

- **Laravel** (Recommended)
- **Wordpress** (Also recommended)
- **CodeIgniter**

Python

- **Django** (Recommended)
- **Flask**

C#

- **.NET** (Recommended)

Rust

- **Rocket** (Recommended)

Ruby

- **Rails** (Recommended)

Node.js/Express - JavaScript Course Node.js Course

Var vs Let vs Const - Video Article

Function Basics - Video

Arrow Functions - Video Article

Callbacks - Video Related Video Article

Hoisting - Video Article

Scoping - Article

Closures - Video

Strict Equality - Video Article

Type Coercion - Video

Objects/Arrays - Array Video

Reference Vs Value - Video Article

Control Flow (If, Loops, etc.)

Promises - Article Video

Async Await - Video Article

Common Modules - Article

Null Vs Undefined - Video Article

Recursion - Video Article

Array Methods - Video Advanced Video

Node.js File System Library

Template Literals - Video Advanced Video Article

Destructuring/Spread Operator - Video Article

NPM

Null Coalescing/Optional Chaining - Null Coalescing Video Optional Chaining Video

Map/Set - Map Video Set Video

Classes - Video

Express Middleware - Video Article

Express Routing - Video

Templating Language (EJS, Handlebars, Pug, etc.)

Projects (May require a database)

Easy

- Basic Node.js Server - Video
- Basic REST API - Video
- URL Shortener - Video
- Hastebin Clone - Video
- Paginated API - Video
- Discord Bot - Video
- Basic Chrome Extension - Video

Medium

- Amazon Web Scraper - Video
- JSON Web Token Auth - Video
- User Permission Role - Video
- Passport Auth - Video
- Custom Auth - Video
- Stripe Payments - Video Article
- PayPal Payments - Video
- Google Docs Clone - Video
- Password Protected File Sharing - Video

Hard

- Markdown Blog - Video
- Reddit Clone - Video
- Realtime Chat App - Video 1 Video 2

Databases - SQL vs NoSQL Video

SQL

- **PostgreSQL** (Recommended)
- **MySQL** (Also recommended) - Install Video Tutorial Video
- **SQLite**

NoSQL

- **MongoDB** (Recommended) - Tutorial Video Cheat Sheet
- **Redis** (Recommended for caching)
- **Cassandra**
- **DynamoDB** (Recommended if working with AWS)

TypeScript - Course

- TSConfig
- Type Inference
- Array Type
- Any/Unknown Type - Video
- Type vs Interface - Video
- Functions
- Unions/Intersections
- readonly/keyof/typeof
- as const/Enums
- Tuples
- Generics - Video
- Type Guards
- Satisfies
- Built in Utility Types (Pick, Omit, etc) - Video Article Cheat Sheet
- Discriminated Unions - Video
- Function Overloads
- Type Predicate - Video
- Declaration Files

Projects

Easy

- Image Slider - Video
- Todo List - Video
- Typing Effect Animation - Video
- Hangman Clone - Video

Medium

- Custom Select Component - Video
- Advanced Note Taking App - Video
- Multistep Form - Video
- Shopping Cart - Video

Hard

- Facebook Messenger Clone - Video
- YouTube Home Page Clone - Video
- Twitter Clone - Video

Next.js (Optional) - Course
